

ADDENDUM

1. **Paper #199** entitled “**Multifunctional Chromogenic Sensors Enabled by Novel Multi-Stimuli-Responsive Shape Memory Polymers**” (Peng Jiang) will take place on **October 23rd 15:30-16:00** instead of October 25th 11:30-12:00. The room for the presentation will be **Maria Luisa & Maria Fernanda** instead of Condesa IA.
2. **Paper #324** entitled “**New Technology for the Integrated Treatment of Industrial Waste Water Using Magnetic Nanopowders**” (Mykola Monastyrov; Tetiana Prikhna; Gennadiy Kochetov; Petro Talanchuk) will take place on **October 25th 11:30-12:00** instead of October 23rd 15:30-16:00. The room for the presentation will be **Condesa IA** instead of Maria Luisa & Maria Fernanda.
3. **Paper #213** entitled “**Two-step Copper Smelting Process at Dongying Fangyuan**” (Zhi Wang) will take place on **October 25th 12:00-12:30** instead of October 26th from 14:30-15:00. The room for the presentation will be **Condesa II**.
4. **Paper #38** entitled “**The Use of Rare Earth Elements as Agricultural Enhancers**” (Antonio Zamunér Filho) will take place on **October 26th 14:30-15:00** instead of October 25th 12:00-12:30. The room for the presentation will be **Condesa II**.
5. **Paper #49** entitled “**Extraction and Separation of Thorium from Monizite Leach Liquor**” (Chul Joo Kim; Ho-sung Yoon; Kyeong Woo Chung) originally scheduled for October 25th 12:00-12:30 in Condesa II has been **cancelled**.
6. **Paper #77** entitled “**Layer-by-Layer Assembled Nanocomposite Films for Energy Systems**” (Maria Soler) will take place on **October 24th 11:30-12:00** instead of October 26th 14:30-15:00. The presentation will be in **Maria Luisa & Maria Fernanda**.
7. **Paper #246** entitled “**Physically Fabricated Semiconductor Nanocrystals for Light Harvesting**” (Guolong Tan; Qishu Xu; Limin Liu) will take place on **October 26th 14:30-15:00** instead of October 24th 11:30-12:00. The presentation will be in **Maria Luisa & Maria Fernanda**.
8. **Paper #68** entitled “**A Pyrometallurgical Process to Recover the Zinc and Manganese from Spent Batteries**” (Burcak Ebin; Martina Petranikova; Britt-marie Steenari; Christian Ekberg) originally scheduled for October 25th 15:00-15:30 in Maria Mercedes & Maria Beatriz has been **cancelled**.
9. **Paper #264** entitled “**Products of Activation of Hydrolytic Lignin: Prospects of Application**” (Yury Nikolenko) originally scheduled for October 24th 12:30-13:00 in Maria Luisa & Maria Fernanda has been **cancelled**.
10. **Paper #374** entitled “**Controlled Synthesis of Nanomaterials from Atomically Precise Metal Clusters Unique Species to Complex Metal Oxide Systems for Catalysis and Sensing**” is replacing Paper #264, and is to take place **October 24th 12:30-13:00** in Maria-Luisa & Maria Fernanda.
11. **Paper #372** entitled “**Interfaces in Nanomaterials**” (Katerina Aifantis) will take place on **October 25th 11:30-12:00**. The presentation will be in **Condesa IB**.
12. **Paper #248** entitled “**Processing of Hierarchically Porous Adsorbents for Decarbonization**” (Farid Akhtar) will take place on **October 25th 15:30-16:00** instead of October 23rd 14:30-13:00. The presentation will be in **Condesa IA**.

13. **Paper #324** entitled “**New Technology for the Integrated Treatment of Industrial Waste Water Using Magnetic Nanopowders**” (Mykola Monastyrov; Tetiana Prikhna; Gennadiy Kochetov; Petro Talanchuk) will take place on October 23rd 14:30-15:00. The presentation will be in Condesa IB.
