Publications of Yizhak Marcus

LIST OF PUBLICATIONS

I. Theses

II. Books, Chapters in Books, and Books Edited

33. J.A. Marinsky and Y. Marcus, eds., Ion exchange and solvent extraction,

61. Y. Marcus: Volumetric behavior of room temperature ionic liquids. In E. Wilhelm and T.

III. Articles in refereed Journals

88. Y. Marcus and Z. Kolarik: Thermodynamics of liquid-liquid distribution reaction. III. The U(VI), Nd(III) and Ho(III) nitrate-water-di-(2 ethylhexyl) phosphoric acid-hydrocarbon diluent extraction systems, *J. Inorg. Nucl. Chem.*, **38** (1976) 1069-1073.

Y. Marcus: Thermodynamics of transfer of single ions from water to non-aqueous and mixed solvents. 2. Enthalpies and entropies of transfer to non-aqueous solvents, Pure Appl. Chem., 57 (1985) 1103-1129.

172. Y. Marcus: Recommended methods for the purification of solvents and tests of impurities. 1,2-Ethandiol and 2,2,2-trifluoroethanol; *Pure Appl. Chem.*, 62, 139-147 (1990).

197. Y. Marcus: The properties of organic liquids that are relevant to their use as solvating solvents; Chem. Soc. Rev., 1993, 22, 409-416.

208. Y. Marcus: Transfer of ions between solvents: some new results on volumes, heat capacities and some other quantities; Pure Appl. Chem., 68, 1495-1500 (1996).

214. Ya. I. Tur'yan and Y. Marcus: "Primary" Hydration Numbers of the

227. Y. Marcus: The structuredness of supercritical water up to 600 °C and 100 MPa as obtained from relative permittivity data; J. Mol. Liquids, 81, 101-113, (1999).
